In him our citizens will find one who is honest, prudent and industrious in the discharge of every duty.

## FOR SAFE KEEPING.

Three Alleged Murderers from Floyd County Brought Here and Lodged In Jail.

J. May and Thomas R. May, deputy sheriffs of Boyd County, arrested by two savars Will, Harmon and Harvey May arrived here on the steamer Scotia from Cynthiaburg last evening about 8 o'clock and lodged in our jail. Wm. J. Bates, Miles Bates and George Johnson, three alleged murderers from Floyd County. The prisoners were brought here for safe keeping. They are charged with killing Mack, Hall and Ab. Little, in Floyd County some time last June. In the fight Hall was first shot in the leg, and Little was killed while trying to rescue him. There are four parties charged with the murder, the three named above and one Talt Hall, who is still at large. In a conversation with deputy-sheriff T. J. May this morning the following facts were elicited. After the killing last June the persons implicated in the affair all escaped. A reward of \$1500 was offered for their capture. A scheme was fixed up between the two Bates and Johnson and some of their friends to secure this reward. The accused were to surrender themselves to the authorities and then as soon as the reward had been paid they were to be released again. Bates and his brother and Johnson delivered themselves up and were lodged in jail. Some of Little's friends, however, dropped onto the scheme and determined to take the prisoners out and hang them in order to prevent this they were brought to Cynthiaburg last Friday and lodged in the jail at that place. The prisoners' friends suddenly realized that their little scheme was not panning out as they had first intended. The excitement increased. The authorities of Boyd County found they had two things to guard against, a rescuing party composed of the prisoners' friends and a lynching party composed of the friends of the murdered men. The jail at that place was old and not a very strong one and the County Judge taking all the circumstances into consideration thought best to order the prisoners to be brought here for safe keeping. The officers accordingly boarded the Scotia yesterday morning at 8 o'clock and the accused are now securely lodged in our jail. They will be kept here until the spring term of court when they will be returned to Floyd County for trial. D. duty-sheriff May says that trouble can be expected when ever the prisoners are taken back to that county.

## Fair Notes.

The attendance increases nightly.

The admission to the hall is but 10 cents.

The fair is a pleasant place to spend an evening.

Captain Hutchins has commenced work in earnest.

The "boom" will strike the fair tonight when the brass band begins to play.

Captain Thomas A. Davis is untiring in his labors for the success of the meeting.

The managers were all smiling Saturday night. The crowd was large and liberal.

The ladies, both young and old, are indefatigable in their efforts to make a fair a success.

The Monumental Association desire the "substantial citizens" to drop in and see what manner of thing the fair is.

Those who have already attended will hardly recognize the hall-to-night. Things have changed as if by magic.

As an auctioneer, Captain "Jeems" Heflin does well. He was busy Saturday night crying off various articles, both useful and ornamental.

When one is informed that Mr. and Mrs. John H. Hiser, of the European Hotel, have charge of the oyster department they can rest assured that their wants will be well supplied.

Many of the young folks want to have a dance at the fair. The Monumental Association is not opposed to dancing, but they put this question to the young folks: "If you wanted to build a monument to your dead brother, would you give a dance to raise the money?"
